LETTER FROM THE BOARD TO THE SHAREHOLDERS OF VANGUARD EMERGING MARKETS BOND FUND (THE “SUB-FUND”)

Vanguard Investment Series plc

70 Sir John Rogerson's Quay
Dublin 2
Ireland

(An open-ended umbrella type variable capital company, with segregated liability between sub-funds, established as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the “UCITS Regulations”).

13 September 2022

Dear Shareholder,

We are writing to you as a Shareholder of the Sub-Fund, to advise you of the following:

*Irish Company Registration No. 281339
Directors: Peter Blessing (Ireland), Tara Doyle (Ireland), William Slattery (Ireland), Michael S. Miller (U.S.A.), Sean Hagerty (U.S.A.), Ann Stock (United Kingdom), Robyn Laidlaw (New Zealand), Karin Risi (U.S.A.)*

The Sub-Fund intends to invest in onshore China Government and Bank Policy Bonds (“China Bonds”), capped at a level of 3% of the assets under management of the Sub-Fund. Having the ability to invest in China Bonds up to this level is expected to provide the Sub-Fund with an additional source of diversification and return.

After evaluating the benefits and risks of investing in China Bonds, Vanguard is of the opinion that being able to invest in China Bonds up to this level will be in the interests of Shareholders. It will afford the Sub-Fund flexibility to take advantage of the potential benefits of this asset class, while limiting any potential downside risks. The risk-controlled approach which Vanguard’s Fixed Income group currently applies to portfolio management will not change and any allocation to China Bonds will be made within the group’s existing framework.

Vanguard considers that having exposure to China Bonds offers moderate investment benefits to global fixed income portfolios in the form of increased diversification and risk reduction. This is because China Bonds have had historically low correlations with developed bond markets, along with lower price volatility, which helps improve the overall risk and return profile of a fixed income portfolio.

Change to investment policies

The Sub-Fund employs an “active management” strategy and its investment objective is to provide a moderate and sustainable level of current income by investing in a diversified portfolio of global credit fixed income bonds. The Sub-Fund’s investment objective will not be affected by the introduction of China Bonds. However, there will be a minor modification to the Sub-Fund’s investment policy to reflect the Sub-Fund’s ability to invest in China Bonds.

Due to the low percentages of China Bonds being invested in, this change will not significantly alter the asset type, credit quality, borrowing limits or risk profiles of the Sub-Fund.

Timing

The changes to the Sub-Fund, as set out above, will take effect from 28 September 2022. An updated Prospectus for the Sub-Fund will be published on this date to reflect the update.

If you have queries concerning the matters outlined in this Notice, please contact your tax advisor, local agent, or (if none) Vanguard Asset Management, Limited on +44 203 753 4305.

Yours faithfully,

**For and on behalf of
