Key Terms

- ¹ *Fund distribution date* is the date on which the Excess of Reportable Income over Distributions is treated as received by investors for UK tax purposes.
- ² *ISIN code* is short for International Securities Identification Number; A unique security identifier of the fund shareclass.
- ³ *Income distributed per share* is the per share amount of income the fund distributed to shareholders.
- ⁴ *Date on which distribution was made* is the effective date (i.e. date on which the fund value dropped by the dividend amount).
- ⁵ *Excess of reportable income over distributions* is the amount of income reported per share in excess of what was distributed to shareholders.
- ⁶ *Total income to be declared* includes the distribution per share and the excess of reportable income over distributions. This amount should generally be reported on your tax form, but please consult with your tax advisor under your particular circumstances.
- ⁷ *Average equalisation amount – fund level* is the average accrued income on creations subscribed during the period and denotes the investor level adjustment amount for Group 2 units.
- ⁸ The equalisation amount for 30 June relates to investors who subscribed in the period after the last distribution but prior to year end. This equalisation amount can generally be subtracted from the reportable income those investors are deemed to receive, but please consult with your tax advisor under your particular circumstances.
